

## Assignment #4

**Due Tuesday, 1 October 2018, at the start of class**

This Assignment is based on Chapter 5 material only.

Remember that when you turn in homework problems involving MATLAB/OCTAVE, the following two expectations always apply:

1. The commands that you used must be shown, along with the results.
2. Please strive to minimize use of paper while answering the question.

**Do the following exercises:**

CHAPTER 5

- Exercise 3 on page 120.
- Exercise 6 on page 120.
- Exercise 8 on page 120.
- Exercise 10 on page 121.
- Exercise 13 on page 121–122.
- Exercise 15 on page 123.
