Final Exam: Evaluation

Each proof is independently scored with 3 numbers, as follows, which sum to 25 points. The whole Final Exam, all four proofs, is 100 points.

10 pts **Completeness** (all parts proved; hypotheses used; previous facts cited)

10 pts **Correctness** (logical; inequalities correct; arithmetic correct)

5 pts **Clarity** (appropriate and consistent notation; complete sentences; readable)

Additional comments:

Name: _____   Theorem identifier: _____

Score: _____ + _____ + _____ = _____ /25
